COMP9302 Microsoft Excel - Core

COURSE DESCRIPTION

This course prepares you to write the Excel Core Microsoft Office Specialist (MOS) certification exam. After completing the initial Bench assessment, a personalized learning pathway is created so you only focus on learning competencies you have not yet mastered. Intermediate-level skills covered include creating formulas, formatting, and manipulating charts and table. Topics include: outlines, subtotals, conditional functions.

REQUISITES	None
EQUIVALENTS	None
CREDITS	0
HOURS	30
ELIGIBLE FOR PLAR	Yes

COURSE LEARNING OUTCOMES

Bow Valley College is committed to ensuring our graduates can demonstrate their abilities in key areas that will make them effective citizens and encourage their development as lifelong learners. In addition to the discipline-specific skills that learners acquire in their programs, the College has identified ten learning outcomes.

College-Wide Outcomes:

1. Communication
2. Thinking Skills
3. Numeracy and Financial Literacy
4. Working with Others
5. Digital Literacy
6. Positive Attitudes and Behaviours
7. Continuous Learning
8. Health and Wellness Awareness
9. Citizenship and Intercultural Competence
10. Environmental Sustainability

#	COURSE LEARNING OUTCOME(S)	COLLEGE WIDE OUTCOMES SUPPORTED
1	Create and manipulate Excel workbooks, worksheets, rows, columns, and cells.	2,5
2	Format cells using styles, themes, and conditional formatting.	2,5
3	Build and edit intermediate formulas and functions using absolute and relative cell references.	2,5
4	Organize data using data tools such as sorting, naming ranges, tables, automatic subtotals, and outlining.	2,5
5	Create and modify charts and graphics.	2,5
6	Change worksheet views customize page layouts, and print workbooks.	2,5

COURSE MODULES AND SCHEDULE

**Course schedule subject to change, depending on delivery mode and term of study. For exact dates, please consult the Course Offering Information in Brightspace.*

WEEK/HOURS	MODULES
Week 1	Module 1 Welcome – Read Syllabus and Outline Getting Started with Excel • Read through Module 1 Refer to the D2L Learning Modules
Week 2	Module 2 Constructing Cell Data • Read through Module 2 Refer to D2L Learning Modules
Week 3	Module 3 Using Formulas • Read through Module 3 Refer to D2L Learning Modules
Week 4	Module 4 Formatting a Worksheet • Read through Module 4 Refer to D2L Learning Modules
Week 5	Module 5 Viewing and Printing Workbooks • Read through Module 5 Refer to D2L Learning Modules
Week 6	Module 6 Working with Charts and Graphics • Read through Module 6 Refer D2L Learning Modules
Week 7	Module 7 Organizing Data • Read through Module 7 Refer D2L Learning Modules
Week 8	Module 8 Using Data Tools • Read through Module 8 Refer D2L Learning Modules

ASSESSMENT

COURSE LEARNING OUTCOME(S)	ASSESSMENT	WEIGHT
1-6	Complete the final exam in GMetrix with a score of 700/1000 or higher	P or F
1-6	Complete in Jasperactive (Learn, Create, Validate)	P or F

Important: For details on each assignment and exam, please see the Course Offering Information.

PERFORMANCE STANDARDS

A grade of P is required to pass this course. Learners may be required to pass this course in order to progress in the program or to meet specific program completion requirements.

Please consult with the program area or the Bow Valley College website for further details.

GRADING SCHEME

Symbol	Description	Value in GPA
P	Pass	N/A
F	Fail	N/A

REQUIRED LEARNING RESOURCES

Microsoft Excel 2016. This must be purchased and installed before starting the course.

Jasperactive software. Access information will be provided in D2L. This requires internet access and installation. The cost of the software is included in the course.

G-Metrix online software. Access information will be provided in D2L. This requires internet access and installation. The cost of the software is included in the course.

Additional learning resources may be found in the course modules in D2L, including a printable eBook and links to video tutorials.

Additional learning resources may be found in the Course Offering Information or in Brightspace.

ADDITIONAL INFORMATION

This course follows an assessment-first approach. You will be assessed at the beginning of the course and then receive an individualized learning plan. This plan will help you pace yourself in the course activities, gauge your progress and prepare for demonstration of the competencies. Upon completion of the learning activities, you will have three opportunities to demonstrate your mastery of the course competencies

Additional information may be found in the Course Offering Information or in Brightspace.

ACADEMIC ACCOMMODATIONS

Learners with a disability (learning, physical, and/or mental health) may qualify for academic and exam accommodations. For more information, or to apply for accommodations, learners should make an appointment with Accessibility Services in the Learner Success Services (LSS) Department. Accessibility Services can also assist learners who may be struggling with learning but do not have a formal diagnosis. To make an appointment visit LSS on the first floor of the south campus or call 403-410-1440. It is the learner's responsibility to contact Accessibility Services and request academic accommodations. For more information, please visit our website at http://www.bowvalleycollege.ca/accessibility.

INSTITUTIONAL POLICIES

Bow Valley College is committed to the highest standards of academic integrity and honesty. Learners are urged to become familiar with and uphold the following policies: Academic Honesty (500-1-7), Learner Code of Conduct, Procedures and Guidelines (500-1-1), Learner Appeals (500-1-12), Attendance (500-1-10), Grading (500-1-6), Academic Continuance and Graduation (500-1-5), and Electronic Communications (300-2-13). Audio or video recording of lectures, labs, seminars, or any other teaching and learning environment by learners is allowed only with consent of the instructor as part of an approved accommodation plan. Recorded material is to be used solely for personal study and is not being used or distributed without prior written consent from the instructor.

Turnitin:

Students may be required to submit their course work to Turnitin, a third-party service provider engaged by BVC. Turnitin identifies plagiarism by checking databases of electronic books and articles, archived webpages, and previously submitted student papers. Students acknowledge that any course work or essays submitted to Turnitin will be included as source documents in the Turnitin.com reference database, where it will be used solely to detect plagiarism. The terms that apply to a student's use of Turnitin are described on Turnitin.com.

Online Exam Proctoring:

Examinations for this course may require proctoring through an online proctoring service. Online proctoring enables online exam taking within a controlled and monitored environment, thereby enhancing academic integrity. Online proctoring may occur through a variety of methods, including but not limited to:

a. live online proctoring where a remote invigilator authenticates identity and observes completion of an exam using specialized software and recordings;
b. automated proctoring where the exam session is recorded and AI (artificial intelligence) analyzed;
c. browser lockdown that limits access to other applications, websites, copying, printing, screen capture and other functions; or
d. a combination of both live/automated proctoring and browser lockdown.

Course instructors will review recordings, analyses, and data obtained through online proctoring for academic integrity infractions. It is the student's responsibility to meet the technical, software, location, and identity verification requirements necessary to enable online proctoring.

Further details of these policies are available in the Academic Calendar and on the Bow Valley College website, bowvalleycollege.ca.

Learners are encouraged to keep a copy of this course outline for future reference.
