ANMO1102 3D Animation I

COURSE DESCRIPTION

In this course, students will learn Character Animation in subjects such as pose thumbnailing prior to filming references, and how to build constraints. They will also learn how to determine the difference between COG and gravity-driven movements, and how to use smears to bridge wide spacing. Additional refinements to arcs while maintaining energy will be explored, in addition to picking great pivot points, and the setup of scenes. The final assignment for the term is completing a short animation from start to finish, which must integrate great timing and spline movements.

REQUISITES	Complete the following courses: • ANMO1101 - Introduction to Animation Principles and Techniques (3) • ANMO1201 - Computer Animation Production (3) • ANMO1202 - Perspective (3) • ANMO1301 - Cinematics for Animation (3)
EQUIVALENTS	None
CREDITS	3

Examinations for this course may require proctoring through an online proctoring service. Online proctoring enables online exam taking within a controlled and monitored environment, thereby enhancing academic integrity. Online proctoring may occur through a variety of methods, including but not limited to:

a. live online proctoring where a remote invigilator authenticates identity and observes completion of an exam using specialized software and recordings;
b. automated proctoring where the exam session is recorded and AI (artificial intelligence) analyzed;
c. browser lockdown that limits access to other applications, websites, copying, printing, screen capture and other functions; or
d. a combination of both live/automated proctoring and browser lockdown.

Course instructors will review recordings, analyses, and data obtained through online proctoring for academic integrity infractions. It is the student's responsibility to meet the technical, software, location, and identity verification requirements necessary to enable online proctoring.

Further details of these policies are available in the Academic Calendar and on the Bow Valley College website, bowvalleycollege.ca.
