COMP9203 Microsoft Word - Expert

COURSE DESCRIPTION

This course is designed to prepare you to write the Word Expert Microsoft Office Specialist (MOS) certification exam. Expert level skills include designing advanced documents, creating advanced references, custom Word elements, managing document options and settings. After you complete an initial Benchmark assessment, a personalized learning pathway is created so you only focus on learning competencies not yet mastered. It is recommended that students take COMP9202 Microsoft Word - Core, or have equivalent experience, prior to this course.

REQUISITES	None
EQUIVALENTS	None
CREDITS	0
HOURS	30
ELIGIBLE FOR PLAR	Yes

COURSE LEARNING OUTCOMES

Bow Valley College is committed to ensuring our graduates can demonstrate their abilities in key areas that will make them effective citizens and encourage their development as lifelong learners. In addition to the discipline-specific skills that learners acquire in their programs, the College has identified ten learning outcomes.

College-Wide Outcomes:

1. Communication
2. Thinking Skills
3. Numeracy and Financial Literacy
4. Working with Others
5. Digital Literacy
6. Positive Attitudes and Behaviours
7. Continuous Learning
8. Health and Wellness Awareness
9. Citizenship and Intercultural Competence
10. Environmental Sustainability

#	COURSE LEARNING OUTCOME(S)	COLLEGE WIDE OUTCOMES SUPPORTED
1	Manage and modify documents, templates, and settings.	1,2,5
2	Prepare documents for review using password protection and restrict editing.	1,2,5
3	Perform advanced editing and formatting using special characters, layout options, and styles.	1,2,5
4	Create and manage indexes, references, and mail merges.	1,2,5
5	Create and modify building blocks, macros, controls, styles, and templates.	1,2,5

COURSE MODULES AND SCHEDULE

**Course schedule subject to change, depending on delivery mode and term of study. For exact dates, please consult the Course Offering Information in Brightspace.*

WEEK/HOURS	MODULES
Week 1	Module 1 GETTING STARTED AND BENCHMARK Discussion1: Getting to Know Each Other This is your opportunity to connect with other learners. Please introduce yourself to them and say hi to your classmates by posting a response to their introductions. Benchmark Test Complete the Jasperactive Benchmark timed test to analyze your current skill level. Since the Benchmark test is timed, it is recommended that you block off an hour of uninterrupted time so that you can finish and submit in one sitting. You cannot pause the test and return to it at another time. This test will not form part of your course grade. It is only used to determine which skills you already have and which skills you need to learn while in this course.
Week 2	Module 2 & 3 PLAN FOR SUCCESS AND LEARN Check-in 1: Plan for Success (Survey 1) As the Benchmark test is completed, please analyse the results and start to work on a personal plan to learn and practice the skills you need to succeed on the final test. The plan should be submitted no later than the end of week 2. Jasperactive Lessons 1-4 Complete the Learning Activities as prescribed in the Jasperactive according to your Plan for Success.
Week 3	Module 3 LEARN Jasperactive Lessons 1-4 [continue] Complete the Learning Activities as prescribed in the Jasperactive according to your Plan for Success. As you complete all activities you need for Lesson 1, please revise your Plan for Success and complete Check-in 2: Plan Update survey As you finish Lessons 1-2 please post your reflection for Discussion 2: Learning Mid-point.
Week 4	Module 4 CREATE (Optional) “Create” is the final project in the Jasperactive section of the course. This project will help you make the leap between following instructions and figuring out the steps on your own.

Week 5	Module 5 VALIDATE(Optional) “Validate” is the final step in Jasperactive where you will write a timed test. This test is very similar to the Benchmark in that you will be given a set of tasks to complete on a document. Ensure that you have at least a full hour of uninterrupted time blocked off to complete the “Validate” exercise to receive an accurate score.
Week 6	Module 6 PRACTICE TESTS There are three Skill Reviews and one Practice Test in G-Metrix for Microsoft Word. The test is 50 minutes long with 35 questions, which are grouped into 7 “Projects.” Each Project includes 5 questions or tasks. Ensure that you block off at least a full hour of uninterrupted time to complete a practice test.
Week 7	Module7 FINAL TEST Once you have completed all of the learning activities in this course, including all of the Discussion Boards and Check-In activities, please send an email to your instructor via D2L and your instructor will provide you with an access code so that you can write your final exam via G-Metrix. Please note that your instructor will not be able to release the final exam until you have completed all the components in your personalized learning pathway. The exam can only be written once and a re-write fee will apply for additional attempts
Week 8	Module 8 MICROSOFT OFFICE CERTIFICATION EXAM Once you have successfully passed this course by demonstrating your competencies, you are ready to write the Microsoft Office Certification Exam. Please contact continuingeducation@bowvalleycollege.ca when you are ready to book your test.

ASSESSMENT

COURSE LEARNING OUTCOME(S)	ASSESSMENT	WEIGHT
1-5	Complete the final exam in GMetrix with a score of 700/1000 or higher	P or F
1-5	Complete in Jasperactive (Learn, Create, Validate)	P or F

Important: For details on each assignment and exam, please see the Course Offering Information.

PERFORMANCE STANDARDS

A grade of P is required to pass this course. Learners may be required to pass this course in order to progress in the program or to meet specific program completion requirements.

Please consult with the program area or the Bow Valley College website for further details.

GRADING SCHEME

Symbol	Description	Value in GPA
P	Pass	N/A
F	Fail	N/A

REQUIRED LEARNING RESOURCES

Microsoft Word 2016: This must be purchased and installed before starting the course.

Jasperactive software: Access information will be provided in D2L. This requires internet access and installation. The cost of the software is included in the course.

G-Metrix online software: Access information will be provided in D2L. This requires internet access and installation. The cost of the software is included in the course.

Additional learning resources may be found in the course modules in D2L. A printable eBook and links to video tutorials are provided in D2L.

Additional learning resources may be found in the Course Offering Information or in Brightspace.

ADDITIONAL INFORMATION

Additional information may be found in the Course Offering Information or in Brightspace.

ACADEMIC ACCOMMODATIONS

Learners with a disability (learning, physical, and/or mental health) may qualify for academic and exam accommodations. For more information, or to apply for accommodations, learners should make an appointment with Accessibility Services in the Learner Success Services (LSS) Department. Accessibility Services can also assist learners who may be struggling with learning but do not have a formal diagnosis. To make an appointment visit LSS on the first floor of the south campus or call 403-410-1440. It is the learner's responsibility to contact Accessibility Services and request academic accommodations. For more information, please visit our website at http://www.bowvalleycollege.ca/accessibility.

INSTITUTIONAL POLICIES

Bow Valley College is committed to the highest standards of academic integrity and honesty. Learners are urged to become familiar with and uphold the following policies: Academic Honesty (500-1-7), Learner Code of Conduct, Procedures and Guidelines (500-1-1), Learner Appeals (500-1-12), Attendance (500-1-10), Grading (500-1-6), Academic Continuance and Graduation (500-1-5), and Electronic Communications (300-2-13). Audio or video recording of lectures, labs, seminars, or any other teaching and learning environment by learners is allowed only with consent of the instructor as part of an approved accommodation plan. Recorded material is to be used solely for personal study and is not being used or distributed without prior written consent from the instructor.

Turnitin:

Students may be required to submit their course work to Turnitin, a third-party service provider engaged by BVC. Turnitin identifies plagiarism by checking databases of electronic books and articles, archived webpages, and previously submitted student papers. Students acknowledge that any course work or essays submitted to Turnitin will be included as source documents in the Turnitin.com reference database, where it will be used solely to detect plagiarism. The terms that apply to a student's use of Turnitin are described on Turnitin.com.

Online Exam Proctoring:

Examinations for this course may require proctoring through an online proctoring service. Online proctoring enables online exam taking within a controlled and monitored environment, thereby enhancing academic integrity. Online proctoring may occur through a variety of methods, including but not limited to:

a. live online proctoring where a remote invigilator authenticates identity and observes completion of an exam using specialized software and recordings;
b. automated proctoring where the exam session is recorded and AI (artificial intelligence) analyzed;
c. browser lockdown that limits access to other applications, websites, copying, printing, screen capture and other functions; or
d. a combination of both live/automated proctoring and browser lockdown.

Course instructors will review recordings, analyses, and data obtained through online proctoring for academic integrity infractions. It is the student's responsibility to meet the technical, software, location, and identity verification requirements necessary to enable online proctoring.

Further details of these policies are available in the Academic Calendar and on the Bow Valley College website, bowvalleycollege.ca.

Learners are encouraged to keep a copy of this course outline for future reference.
