1-5	Portfolio-Based Language Assessment (PBLA) is utilized to assess and evaluate students' progress in language and strategy acquisition. PBLA facilitates assessment for learning by documenting students' language learning over time, highlighting strengths and challenges, and providing frequent opportunities for feedback, reflection, self-assessment, and revision. A combination of formative and summative assessment is used to monitor learner progress against course outcomes. Testing occurs throughout the term. Instructor observations, anecdotal notes, marked work, portfolio assessment and summative testing all factor into the CLBs assigned at term end.	P/BD/F
