CLCM9302 AWS Solutions Architect – Associate

COURSE DESCRIPTION

The AWS Cloud Architect course is designed to prepare learners to take the the AWS Certified Solutions Architect-Associate Exam. This course explores how to design resilient architectures, design performant architectures, design specific secure applications and architectures, design cost-optimized architectures, and define operationally-excellent architectures.

REQUISITES	None
EQUIVALENTS	None
CREDITS	0
HOURS	40
ELIGIBLE FOR PLAR	No

COURSE LEARNING OUTCOMES

Bow Valley College is committed to ensuring our graduates can demonstrate their abilities in key areas that will make them effective citizens and encourage their development as lifelong learners. In addition to the discipline-specific skills that learners acquire in their programs, the College has identified ten learning outcomes.

College-Wide Outcomes:

1. Communication
2. Thinking Skills
3. Numeracy and Financial Literacy
4. Working with Others
5. Digital Literacy
6. Positive Attitudes and Behaviours
7. Continuous Learning
8. Health and Wellness Awareness
9. Citizenship and Intercultural Competence
10. Environmental Sustainability

#	COURSE LEARNING OUTCOME(S)	COLLEGE WIDE OUTCOMES SUPPORTED
1	Design and deploy highly available and fault tolerant solutions.	Thinking Skills (2), Digital Literacy (5)
2	Apply techniques for infrastructure automation.	Digital Literacy (5)
3	Design and deploy AWS Well-Architected Framework.	Thinking Skills (2), Digital Literacy (5)
4	Design Patterns and sample architectures.	Thinking Skills (2), Digital Literacy (5)

COURSE MODULES AND SCHEDULE

**Course schedule subject to change, depending on delivery mode and term of study. For exact dates, please consult the Course Offering Information in Brightspace.*

WEEK/HOURS	MODULES
Week 1	AWS cloud architecting
Week 2	Designing your environment
Week 3	Designing for High Availability (part 1)
Week 4	Designing for High Availability (part 2)
Week 5	Automating your infrastructure
Week 6	Decoupling your infrastructure
Week 7	Designing web-scale media
Week 8	Is your infrastructure well-architected
Week 9	Well-architected pillar – operational excellence
Week 10	Well-architected pillar – security
Week 11	Well-architected pillar - reliability
Week 12	Well-architected pillar – performance efficiency
Week 13	Well-architected pillar – cost optimization
Week 14	Troubleshooting
Week 15	Design patterns and simple architecture

ASSESSMENT

COURSE LEARNING OUTCOME(S)	ASSESSMENT	WEIGHT
1,2,3, and 4	Quizzes	20%
1,2,3, and 4	Course Project 1	25%
1,2,3, and 4	Course Project 2	25%
1,2,3, and 4	Final Exam	30%

Important: For details on each assignment and exam, please see the Course Offering Information.

PERFORMANCE STANDARDS

A grade of P is required to pass this course. Learners may be required to pass this course in order to progress in the program or to meet specific program completion requirements.

Please consult with the program area or the Bow Valley College website for further details.

GRADING SCHEME

Symbol	Description	Value in GPA
P	Pass	N/A
F	Fail	N/A

REQUIRED LEARNING RESOURCES

Learners may require Adobe Reader in order to view certain course content.

Please ensure you are set up with D2L. All courses are managed through D2L. You will find updates, course and program information, grades, email, and other details about your course on D2L. If this is an on-line course your entire course will be managed through D2L (https://d2l.bowvalleycollege.ca/).

Additional learning resources may be found in the Course Offering Information or in Brightspace.

ADDITIONAL INFORMATION

Exams:

All tests, quizzes, midterm, and final exams will be announced prior to the scheduled exam date and ALL learners are required to take exams as scheduled (respecting the date, time and location). Extra allowances will not be permitted for those who book vacation during the program or exam time.

Transcripts:

About two weeks after you write the final exam your mark will be available on your myBVC account. If you require an official transcript contact transcriptrequest@bowvalleycollege.ca. Make sure you include your full name, student ID# and current mailing address.

Additional information may be found in the Course Offering Information or in Brightspace.

ACADEMIC ACCOMMODATIONS

Learners with a disability (learning, physical, and/or mental health) may qualify for academic and exam accommodations. For more information, or to apply for accommodations, learners should make an appointment with Accessibility Services in the Learner Success Services (LSS) Department. Accessibility Services can also assist learners who may be struggling with learning but do not have a formal diagnosis. To make an appointment visit LSS on the first floor of the south campus or call 403-410-1440. It is the learner's responsibility to contact Accessibility Services and request academic accommodations. For more information, please visit our website at http://www.bowvalleycollege.ca/accessibility.

INSTITUTIONAL POLICIES

Bow Valley College is committed to the highest standards of academic integrity and honesty. Learners are urged to become familiar with and uphold the following policies: Academic Honesty (500-1-7), Learner Code of Conduct, Procedures and Guidelines (500-1-1), Learner Appeals (500-1-12), Attendance (500-1-10), Grading (500-1-6), Academic Continuance and Graduation (500-1-5), and Electronic Communications (300-2-13). Audio or video recording of lectures, labs, seminars, or any other teaching and learning environment by learners is allowed only with consent of the instructor as part of an approved accommodation plan. Recorded material is to be used solely for personal study and is not being used or distributed without prior written consent from the instructor.

Turnitin:

Students may be required to submit their course work to Turnitin, a third-party service provider engaged by BVC. Turnitin identifies plagiarism by checking databases of electronic books and articles, archived webpages, and previously submitted student papers. Students acknowledge that any course work or essays submitted to Turnitin will be included as source documents in the Turnitin.com reference database, where it will be used solely to detect plagiarism. The terms that apply to a student's use of Turnitin are described on Turnitin.com.

Online Exam Proctoring:

Examinations for this course may require proctoring through an online proctoring service. Online proctoring enables online exam taking within a controlled and monitored environment, thereby enhancing academic integrity. Online proctoring may occur through a variety of methods, including but not limited to:

a. live online proctoring where a remote invigilator authenticates identity and observes completion of an exam using specialized software and recordings;
b. automated proctoring where the exam session is recorded and AI (artificial intelligence) analyzed;
c. browser lockdown that limits access to other applications, websites, copying, printing, screen capture and other functions; or
d. a combination of both live/automated proctoring and browser lockdown.

Course instructors will review recordings, analyses, and data obtained through online proctoring for academic integrity infractions. It is the student's responsibility to meet the technical, software, location, and identity verification requirements necessary to enable online proctoring.

Further details of these policies are available in the Academic Calendar and on the Bow Valley College website, bowvalleycollege.ca.

Learners are encouraged to keep a copy of this course outline for future reference.
