1 - 6	Portfolio-Based Language Assessment (PBLA) is utilized to assess and evaluate learners' progress in language learning. PBLA facilitates assessment for learning by documenting students' language learning over time, highlighting strengths and challenges, and providing frequent opportunities for feedback, reflection, self-assessment, and revision. A combination of formative and summative assessment is used to monitor learner progress against course outcomes. Instructor observations, anecdotal notes, marked work, portfolio assessment and summative testing all factor into the CLBs assigned at term end.	P/F

Important: For details on each assignment and exam, please see the Course Offering Information.

ADDITIONAL INFORMATION

The Part-Time LINC Program is funded by Immigration, Refugees and Citizenship Canada (IRCC) as part of the Language Instruction for Newcomers to Canada (LINC) program. LINC is integral to IRCC's mandates of immigrant settlement and employability. The focus of the LINC program is providing the communicative and intercultural competence immigrants need to successfully integrate into Canadian society and secure employment.

The Canadian Language Benchmarks (CLBs) include four strands, listening, speaking, reading, and writing. To increase a CLB in a strand, learners must successfully complete most of the criteria on the assessed tasks in that strand. To progress to the next level, learners must achieve a CLB6 in the reading and writing strands.
